DIAGNOSIS

INDICES to Vol. 18 (1977)

January March May July September November

Contents of Volume 18 — DIAGNOSIS

Hydro- and hemodynamic effects of catheterization of vessels—III—Experiments with a rigid-walled model
L. BJØRNØ and H. PETTERSSON 1
Hydro- and hemodynamic effects of catheterization of vessels—IV—Catheterization in the dog
S. HELLSTEN and H. PETTERSSON 17
Angiography of the testicular artery—I—Method of examination
L. NORDMARK 25
Metrizamide in angiography—I—Femoral angiography
T. ALMÉN, E. BOIJSEN and S. E. LINDELL 33
Effect of angiotensin on normal renal circulation determined by angiography and a dye dilution technique
L. EKELUND and J. GÖTHLIN 39
Selective arterial embolisation in the management of post operative renal haemorrhage
M. LEA THOMAS and G. H. R. LAMB 49
Book review 54
Subintimal injection of contrast medium as a complication of selective abdominal angiography
K. JONSSON, A. LUNDERQUIST, H. PETTERSSON and B. SIGSTEDT 55
Brain scan as an aid in the diagnosis of acoustic neuroma recurrence
R. H. SHEPHARD, W. H. HOATHER and T. MCKENZIE 65
Book review 73
Postoperative kinematics in structural scoliosis
T. H. OLSSON, G. SELVIK and S. WILLNER 75
Roentgen stereophotogrammetry for determination of bone growth—Comparison with the tetracycline method
A. S. ARONSON, L. I. HANSSON and G. SELVIK 87
Book review 94
High-density failure of radiographic films
K. SELIN and S. REICHMANN 95
Radiologic technique for measuring instability in the knee joint
K. JACOBSEN 113
Tomogram reconstruction using an opticophotographic method
P. EDHOLM 126
Thrombosis of the intraorbital and cavernous sinus
G. BRISMAR and J. BRISMAR 145
Anomaly of anterior cerebral artery—A case report and embryologic considerations
J. BRISMAR, R. ACKERMAN and G. ROBERTSON 154
Repeat angiography in temporal contusions
C. CRONQVIST and U. TYLÉN 161
Angiography of the testicular artery—II—Cryptorchism and testicular agenesis
L. NORDMARK, L. BJERSING, L. DOMELLÖF, K. HJÄLMÅS and G. NYBERG 167
Phlebography, urography and lymphography in the diagnosis of metastases from testicular tumors
H. H. LIEN and A. KOLBENSTVEDT 177
Book review 186

Retention of water-soluble contrast medium in the urinary and genital tracts
G. THEANDER and L. WEHLIN 187
Hydro- and hemodynamic effects of catheterization of vessels—V—Experimental and clinical catheterization of stenoses
L. BJØRNØ and H. PETTERSSON 193
Angiography in reticulum cell sarcoma
U. ALBRECHTSSON and U. TYLÉN 210
Cavography in the management of malignant abdominal tumors
S. O. HIETALA, H. KANGARLOO and K. RANNINGER 217
Measurements of total and regional renal blood flow by video-densitometry
U. ERIKSON, P. G. LINDGREN, P. O. LÖFROTH, G. RUHN and M. WOLGAST 225
Non-ionic and dimeric contrast media in coronary angiography—Experimental investigations in dogs
L. BJÖRK, P. ELDH and S. PAULIN 235
Polycystic disease of the liver—Angiographic diagnosis
B. BRUN and J. PALBØL 241
Book reviews 248
Double contrast examination of the stomach—An improved technique
S. H. MOHAMMED and V. HEGEDÜS 249
Method for comparing films and processing procedures in photofluorography
K. HANSEN and F. WELDE 257
Reduction of absorbed dose in radiography of the breast—Experience with a new screen-film combination
I. ANDERSSON, L. ANDRÉN, M. NILSSON and C. PETTERSSON 264
Antibacterial effects of metrizoate and metrizamide on bacterial growth in vitro
J. G. JOHANSEN and O. G. CLAUSEN 269
Superior ophthalmic vein at computed tomography
J. BRISMAR, G. BRISMAR and K. R. DAVIS 273
Vascular occlusion with a ferromagnetic particle suspension—An experimental investigation in rabbits
U. ALBRECHTSSON, G.-Å. HANSSON and T. OLIN 279
Book review 292
Intravenous bolus of ^{125}I labeled meglumine diatrizoate—Early extravascular distribution
P. B. DEAN and M. KORMANO 293
Prognostic value of angiography in early failure of renal transplants
L. LAASONEN 305
Book review 312
Angiography in pheochromocytoma of the urinary bladder—Report of a case
S.-O. HIETALA, J. H. TEXTER JR and D. B. CRANE 313
Phlebographic appearances of the left renal and left testicular veins
H. H. LIEN and A. KOLBENSTVEDT 321
Angiographic diagnosis in polymyalgia arteritica
C.-Å. SVENDLER and S. SÖDERLUNDH 333
Arterial segmental vasoconstriction—Frequency and pathogenetic factors
L.-E. LÖRELIUS, U. ERIKSON and H. ÅBERG 339
Evaluation of a modified method for arthrography of the knee
H. LEVÉN 351
Orthopantomography of the mandible
H. ESBERG and M. HAVERLING 357

Chronic sclerosing osteomyelitis of the mandible—Radiographic differential diagnosis from fibrous dysplasia
A. JOHANNSEN 360
Xerographic tomography
C. G. HELANDER, S. REICHMANN and K. ÅSTRAND 369
Book review 383
Left coronary artery transit time in latent coronary heart disease
J. ERIKSSEN and I. ENGE 385
Book review 392
Blood flow in pulmonary and bronchial arteries in acute experimental pneumonia and pulmonary embolism
L. BJÖRK and B. J. MCNEIL 393
Book review 400
Vectorcardiographic changes at selective coronary angiography—Comparison of two contrast media
K. NORDLIE, H. EIE and E. SIVERTSSEN 401
Comparison of the left ventricular volume using the Ahlberg and Dodge methods
I. BERANEK, R. MOORE, S. KIM and K. AMPLATZ 407
Site of origin of deep vein thrombus in the calf
M. LEA THOMAS and J. A. O'DWYER 418
Intra-arterial bolus of ^{125}I labeled meglumine diatrizoate—Early extravascular distribution
P. B. DEAN and M. KORMANO 425
Circulatory disturbances following transient soft tissue compression trauma
D. H. LEWIS, J. SANDEGÅRD, T. SEEMAN and B. E. ZACHRISSON 433
Appearance of the right coronary sulcus at conventional roentgen examination of the heart
A. SZAMOSI and M. JEREB 5
Radiology and laryngoscopy for the diagnosis of laryngeal carcinoma
J. OLOFSSON and H. SÖKJER 449
Precipitation of a cholegraphic contrast medium in a dog
T. OLIN 469
Abnormal duodenal loop and pyloric regurgitation
P. THOMMESEN 473
Book review 480
Radiographic evaluation of rheumatoid arthritis and related conditions by standard reference films
A. LARSEN, K. DALE and M. EEK 481
Cortical index of the femoral neck
N. FREDENSBORG and B. E. NILSSON 492
Gastrocnemio-semimembranosus bursa and its relation to the knee joint—I—Anatomy and histology
P. G. LINDGREN and R. WILLÉN 497
Simultaneous arthrography of the talocrural and talonavicular joints in children—III—Measurements on normal feet
Å. HJELMSTEDT and B. SAHLSTEDT 513
Arthrography of the knee joint with Amipaque
J. G. JOHANSEN, F. G. LILLEÅS and T. HORDSHUS 523
Anterior instability in the ankle joint following acute lateral sprain
A. LINDSTRAND and W. MORTENSSON 529

Book review 540
Angiography in giant-cell tumours of bone
B. LUNDSTRÖM, R. LORENTZON, S.-E. LARSSON and B. BOQUIST 541
Book review 554
Thromboembolic complications in coronary angiography—Prevention with acetylsalicylic acid
O. STORSTEIN, S. NITTER-HAUGE and I. ENGE 555
Cineangiographic diagnosis of papillary muscle involvement in rheumatic mitral stenosis
A. SZAMOSI 561
Book review 570
Angiography of the regenerating liver after lobar resection
W. KARP and U. TYLÉN 571
Angiography in hereditary hemorrhagic telangiectasia
U. NYMAN 581
Early venous filling in transplanted kidneys
L. LAASONEN, B. KOCK and M. NYBERG 593
Effect of methylglucamine salts of iocarmic and iothalamic acids on hemodynamics, acid-base equilibrium and coagulation
M. AMIEL, R. BARBE and R. DUC 602
Effect of respiration on cardiac motion determined by cineangiography
H. G. BOGREN, B. M. T. LANTZ, R. R. MILLER and D. T. MASON 609
Retrograde pancreatography in the pig—Comparison of Isopaque and Amipaque
F. LILLEÅS and T. SWENSEN 621
Angiography of the testicular artery—III—Testis and epididymis analysed with a magnification technique
M. KORMANO and L. NORDMARK 625
Proteinuria following nephroangiography—I—Clinical experiences
L. TEJLER, T. ALMÉN and S. HOLTÅS 634
Transcatheter arterial embolisation of normal livers and experimental hepatic tumours in the rat
L. EKELUND, L. STIGSSON, N. JONSSON and H.-O. SJÖGREN 641
Angiography of cystic liver disease—A report on three cases
L. DOMELLÖF, G.-F. SALTZMAN and O. SUNNEGÅRDH 652
Direct communication between a coronary artery and the right ventricle
I. OBREZ, L. BJÖRK, A. JAGODIC and D. F. ADAMS 657
Duplication of the renal collecting system with hypoplasia of the upper pole of the kidney
G. CAPPELLINI, P. PAVLICIA, G. STASI and G. VIGLIETTA 663
Multiple calculi in a Meckel's diverticulum—Report of a case
H. G. BOGREN and L. BILLING 669
Superselective arterial embolization for the control of postsurgical bleeding—Report of a case
S.-O. HIETALA 673
Extrahepatic obstruction of the portal vein with bleeding from the gall-bladder—Report of a case
D. HOLMLUND and B. LUNDSTRÖM 680
The spherical index—A measure of the roundness of the femoral head
N. FREDENSBORG 685
Determination of sagittal instability of the knee joint
H. LEVÉN 689

Gastrocnemio-semimembranosus bursa and its relation to the knee joint—II—Post mortem radiography
P. G. LINDGREN 698
Blurring and layer thickness in narrow beam rotation radiography
U. WELANDER and G. WICKMAN 705
Effect in vitro of ioglycamide on blood proteins and para-proteins
J. BRAUMAN, H. BRAUMAN, B. VAN CAMP and J. MATHIEU 715

Subject index to Volume 18 — Diagnosis

ROENTGEN DIAGNOSIS

Nervous system

Brain scan in acoustic neuroma recurrence 65
Thrombosis of intraorbital veins and cavernous sinus 145
Anomaly of anterior cerebral artery 154
Repeat angiography in temporal contusions 161
Angiography of the testicular artery—II 167
Superior ophthalmic vein at computed tomography 273

Digestive tract (incl. biliary tract and spleen)

Double contrast examination of the stomach 249
Precipitation of a cholegraphic contrast medium in a dog 469
Abnormal duodenal loop and pyloric regurgitation 473
Angiography of the regenerating liver after lobar resection 571
Retrograde pancreatography in the pig 621
Transcatheter arterial embolization of normal livers and experimental hepatic tumours in the rat 641
Angiography of cystic liver disease 652
Multiple calculi in a Meckel's diverticulum 669
Extrahepatic obstruction of the portal vein with bleeding from the gall-bladder . . . 680

Heart and Vessels (incl. lymphatic vessels)

Hydro- and hemodynamic effects of catheterization of vessels—III 1
Hydro- and hemodynamic effects of catheterization of vessels—IV 17
Angiography of the testicular artery—I 25
Metrizamide in angiography 33
Effect of angiotensin on normal renal circulation 39
Arterial embolisation in management of post operative renal haemorrhage 49
Abdominal angiography—Subintimal injection of contrast medium 55
Thrombosis of intraorbital veins and cavernous sinus 145
Anomaly of anterior cerebral artery 154
Repeat angiography in temporal contusions 161
Angiography of the testicular artery—II 167
Phlebography, urography and lymphography in diagnosis of metastases from testicular tumors 177
Hydro- and hemodynamic effects of catheterization of vessels—V 193
Angiography in reticulum cell sarcoma 210
Cavography in management of malignant abdominal tumors 217
Non-ionic and dimeric contrast media in coronary angiography in dogs 235
Angiography in polycystic disease of liver 241

Vascular occlusion with a ferromagnetic particle suspension in rabbits 279
Intravenous bolus of ^{125}I labeled meglumine diatrizoate 293
Value of angiography in early failure of renal transplants 305
Angiography in pheochromocytoma of urinary bladder 313
Phlebographic appearances of left renal and left testicular veins 321
Angiographic diagnosis in polymyalgia arteritica 333
Arterial segmental vasoconstriction 339
Coronary artery transit time in latent coronary heart disease 385
Blood flow in pulmonary and bronchial arteries in experimental pneumonia and pulmonary embolism 393
Vectorcardiographic changes at selective coronary angiography—Comparison of two contrast media 401
Comparison of left ventricular volume using the Ahlberg and Dodge methods 407
Site of origin of deep vein thrombus in the calf 418
Intra-arterial bolus of ^{125}I labeled meglumine diatrizoate 425
Circulatory disturbances following transient soft tissue compression trauma 433
Appearance of the right coronary sulcus at conventional roentgen examination . . . 445
Angiography in giant-cell tumours of bone 541
Thromboembolic complications in coronary angiography—Prevention with acetylsalicyclic acid 555
Cienangiographic diagnosis of papillary muscle involvement in rheumatic mitral stenosis 561
Angiography of the regenerating liver after lobar resection 571
Angiography in hereditary hemorrhagic telangiectasia 581
Early venous filling in transplanted kidneys 593
Effect of respiration on cardiac motion determined by cineangiography 609
Angiography of the testicular artery—III 625
Proteinuria following nephroangiography—I 634
Transcatheter arterial embolization of normal livers and experimental hepatic tumors in the rat 641
Angiography of cystic liver disease 652
Direct communication between a coronary artery and the right ventricle 657
Superselective arterial embolization for the control of post-surgical bleeding 673
Extrahepatic obstruction of the portal vein with bleeding from the gall-bladder . . . 680

Lungs, Pleura, Mediastinum and Chest wall

Reduction of absorbed dose in radiography of the breast 264
Blood flow in pulmonary and bronchial arteries in experimental pneumonia and pulmonary embolism 393
Effect of respiration on cardiac motion determined by cineangiography 609

Bones and Joints (incl. soft tissue)

Postoperative kinematics in scoliosis 75
Stereophotogrammetry for determination of bone growth 87
Technique for measuring instability in the knee joint 113
Modified method for arthrography of the knee 351
Orthopantomography of the mandible 357

Chronic sclerosing osteomyelitis of the mandible 360
Xerographic tomography 369
Evaluation of rheumatoid arthritis by standard reference films 481
Cortical index of femoral neck 492
Gastrocnemio-semimembranosus bursa and its relation of the knee joint—I—Anatomy and histology 497
Arthrography of the talocrural and talonavicular joints in children—III—Normal feet 513
Arthrography of the knee joint with Amipaque 523
Anterior instability in the ankle joint following acute lateral sprain 529
Angiography in giant-cell tumours of bone 541
Spherical index—Measure of the roundness of the femoral head 685
Determination of sagittal instability of the knee joint 689
Gastrocnemio-semimembranosus bursa and its relation to the knee joint—II—Post mortem radiography 698

Ear, Nose and Throat

Radiology and laryngoscopy for the diagnosis of laryngeal carcinoma 449

Ophthalmology

Thrombosis of intraorbital veins and cavernous sinus 145
Superior ophthalmic veins at computed tomography 273

Uro-genital system

Angiography of the testicular artery—I 25
Arterial embolisation in management of post operative renal haemorrhage 49
Angiography of the testicular artery—II 167
Phlebography, urography and lymphography in diagnosis of metastases from testicular tumors 177
Retention of water-soluble contrast medium in urinary and genital tracts 187
Measurements of total and regional renal blood flow by video-densitometry 225
Value of angiography in early failure of renal transplants 305
Angiography in phecchromocytoma of urinary bladder 313
Phlebographic appearances of the left renal and left testicular veins 321
Early venous filling in transplanted kidneys 593
Angiography of the testicular artery—III 625
Proteinuria following nephroangiography—I 634
Duplication of the renal collecting system with hypoplasia of the upper pole of the kidney 663

ISOTOPES

Intravenous bolus of ^{125}I labeled meglumine diatrizoate 293
Intra-arterial bolus of ^{125}I labeled meglumine diatrizoate 425

COMPUTER TOMOGRAPHY

Brain scan in acoustic neuroma recurrence 65
Superior ophthalmic vein at computed tomography 273

TECHNIQUE

Stereophotogrammetry for determination of bone growth 87
High-density failure of radiographic films 95
Technique for measuring instability of the knee joint 113
Tomogram reconstruction using an opticophotographic method 126
Measurements of total and regional renal blood flow by videodensitometry 225
Double contrast examination of the stomach 249
Method for comparing films and processing procedures in photofluorography 257
Reduction of absorbed dose in radiography of the breast 264
Vascular occlusion with a ferromagnetic particle suspension in rabbits 279
Orthopantomography of the mandible 357
Xerographic tomography 369
Blurring and layer thickness in narrow beam rotation radiography 705

CONTRAST MEDIA

Metrizamide in angiography 33
Retention of water-soluble contrast medium in urinary and genital tracts 187
Non-ionic and dimeric contrast media in coronary angiography in dogs 235
Antibacterial effects of metrizoate and metrizamide in vitro 269
Vectorcardiographic changes at selective coronary angiography—Comparison of two contrast media 401
Precipitation of a cholegraphic contrast medium in a dog 469
Effect of methylglucamine salts of iocarmic and iothalamic acids on hemodynamics, acid-base equilibrium and coagulation 602
Effect in vitro of ioglycamide on blood proteins and para-proteins 715

BOOK REVIEWS

Magnification radiography 54
Advances in cerebral angiography 73
Röntgentafel—Die Skelettentwicklung des Menschen 94
Atlas of angiography 186
Les pièges diagnostiques en radiologie pédiatrique 248
Endoscopie et biopsie de l'intestin 248
Arteriovenöse Fisteln—Dilatierende Arteriopathien (Aneurysmen) 292
Radiology in renal failure 312
Erkrankungen des Herzmuskels 383
Special procedures in chest radiology 392

Quantitative nuclear cardiography 400
The double contrast examination of the colon—Experiences with the Welin modification 480
An atlas of normal vertebral angiograms 540
Mammography 554
Tomography—Physical principles and clinical applications 570
